## Feedback on the Centre

14 responses

Good

Very good

It's was a very good learning experience to get hand on training with all the devices

Had a good exposure to HNC cases assessment and management

Had an amazing exe

Had a very good experience

Learned many new skills in how to diagnose and counsel patients. Learned AVT.

Very good and well organised. Good time management

It was really good experience, learned so many clinical and surgical information. The staffs and supervisor are really willing to share their information and make sure that we are learned

Good centre to learn about gestalt

Hood

It is very good experience to learn related to vestibular disorder in detail

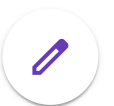

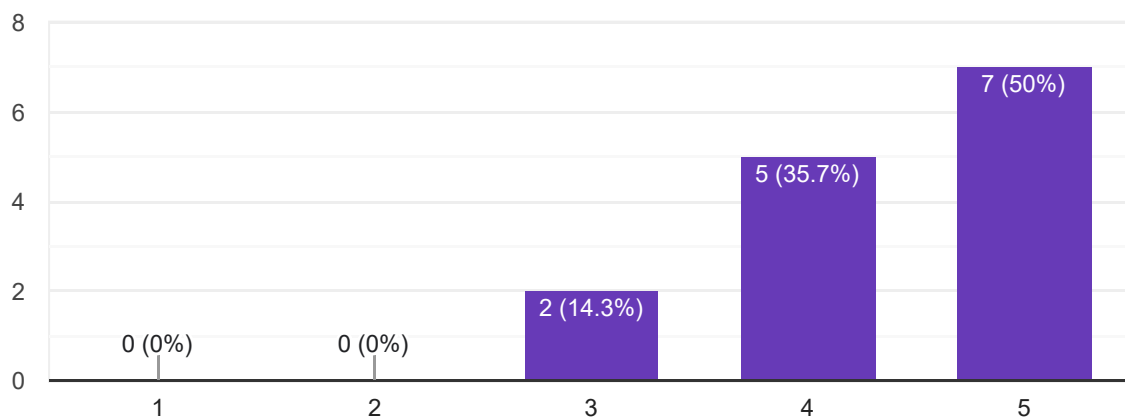

Great centre to gain knowledge

Good

Nil

No

Other batches should also be getting chance for externship

Hope we had more time  
2 weeks was very less to learn other tests

None

Need atleast 1 month to learn a lot

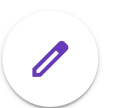

More days should allotted for postings

More days should be allotted to learn and like this postings are good
