**STROKE**  
**PREVENTION**

***EAT HEALTHY***

Choose healthy meals and snacks  
Include plenty of fruits and vegetables

***CONTROL YOUR BLOOD SUGAR***

Aim for a fasting blood glucose  
less than 100mg/dL

***MONITOR YOUR BLOOD PRESSURE***

Consult a physician if  
there is any variation.

***KEEP A HEALTHY WEIGHT***

Obesity increases your risk for stroke.  
Calculate your BMI regularly

***WATCH YOUR CHOLESTEROL***

Strive for a total cholesterol  
less than 200mg/dL

***KEEP MOVING!***

30minutes to 2 hours of moderate intensity  
aerobic physical activity such as  
a brisk walk is recommended

***LIMIT ALCOHOL***

Too much alcohol can raise your  
blood pressure

***QUIT SMOKING***

Quitting can help lowering your  
risk of having a stroke.

## Tips to communicate with your loved ones

- On the same page? **YES!** **NO!**  
★ Confirm that you are communicating successfully.

- Be patient!  
★ Give them time to speak  
★ Do not try to finish their sentences for them

- Attention please!  
★ Make sure you have their attention before you start.

- No noise!  
★ Eliminate background noise.

- Do not shout!  
★ Keep your voice at a normal level, unless indicated otherwise

- Do not talk down to them!  
★ Keep communication simple.  
★ Use key words.

- Good job!  
★ Praise all attempts to speak. **APPLAUD!**  
★ Downplay errors.

**APPLAUD!**

- Add to your speech!  
★ Use facial expressions, gestures, writing, drawings

- You can do it!  
★ Encourage them to be independent.  
★ Do not be overprotective

- Make them feel included  
★ Engage them in activities  
★ Do not let them feel ignored.
