Report on session on COMDEALL Development Checklist

Program Details	
Date	26th July 2022
Participants	13
Resource Persons	Ms. Ria Jose (SLP, COM DEALL: Early intervention centre- Head office) Ms. Shilpa Sankhla (OT, COM DEALL: Early intervention centre- Head office)
Venue	(DSLS) Dr. SRCISH

Objective: The main aim of holding this 3 hour session on COM DEALL developmental checklist was to increase the accuracy and promote the correct use of administering the checklist

Brief overview:

On 26th July 2022, a 3 hour session on COM DEALL developmental Checklist was held at Institute. Two speakers from COM DEALL trust trained all the staff of the Department of Speech and Language Studies. One of our alumni Ms. Ria Jose who is working as Speech Language Pathologist at COM DEALL and Ms. Shilpa Sankhla who is working as an occupational therapist at COM DEALL gave a presentation that focussed on implementing a multi disciplinary approach to assessment and management, they demonstrated on use of CCDC material in assessment (scoring, calculating percentage), and how it is helped in tracking progress across children)

Report on importance of rehabilitation post fitting of amplification devices

Program Details	
Date	15th July 2022
Participants	1+ all students
Venue	Dr. SRCISH

Objective: The aim of this session was to highlight the requirement of rehabilitation post provision of amplification devices

Brief overview: On 15/7/2022, an in-house faculty member gave a talk on the 'Importance of rehabilitation post fitting of amplification devices' was conducted in Dr. SRCISH. The talk focussed on the key reasons as to which speech therapy was important, and typically starts after the child has been fitted with appropriate hearing technology. It was emphasised that while hearing aids and cochlear implants help the child hear sounds, they must still learn how to interpret those signals. A session at the end of the talk addressed the queries of the audience.

Report on latest development in Hearing Aid Technology in Signia

Program Details	
Date	7th June 2022
Participants	All Department Faculty & 2BASLP, II MASLP and MSc. Aud (Approx 70) Students
Resource Persons	Dr.Vibhu Grover (Signia)
Venue	Auditorium, Dr. SRCISH

Objective: The primary aim of this talk was to introduce and familiarise the audience to the latest technological advancements available in Signia Hearing aids.

Brief overview: A talk on “Latest development in Hearing Aid Technology in Signia” was delivered by Dr.Vibhu Grover from Signia to the students of II year BASLP and II year Masters students of MASLP and MSc. Audiology on 7th June 2022. Dr.Vibhu explained about the history of Signia hearing aids and their significant improvement to current technologies. He also stressed on their evolving technologies and new models of hearing aids and their features. As students are currently learning the same in their syllabus they had a very enlightening learning experience. Dr.Vibhu’s clinical perspectives in terms of Hearing aid fitting was insightful for all.

Talk on Hearing Aid Technology in Signi

Report on VNG

Program Details	
Date	4th June 2022
Participants	26
Resource Persons	Dr. Srinivasan and Mr. Balavignesh
Venue	Seminar Hall, Dr. SRCISH

Objective: The session aimed on the practical demonstration of the usage and interpretation of the VNG instrumentation from Cyclops

Brief overview: The staff and the Post Graduate students of the Department of Hearing Studies were given detailed lectures on the instrument handling, patient handling, instrument technology in the Video Nystragmography from Cyclops. Hands-on experience was also provided to the participants, which made the session even more brainstorming and that paved the way to a detailed learning in assessing and diagnosing vestibular disorders. Also Dr. Srinivasan briefed our students on the anatomy and physiology of the vestibular system in a very interesting method that made students easily understand the underlying physiology of each structure.

Report on Apps in Speech language therapy

Program Details	
Date	26th May 2022 and 02nd June 2022
Participants	All Department Faculty (DSLS) & Students
Resource Persons	Dr. Sarika Khurana (Deputy Director- Clinical, Dr. SRCISH)
Venue	Auditorium, Dr. SRCISH

Objective: The talk was channelled towards heightening awareness of the staffs as well as students on the different applications available for Speech and language therapy

Brief overview: Dr. Sarika Khurana (Deputy Director- Clinical, Dr. SRCISH), conducted a series of 2 talks on the various applications that can be used for speech and language therapy. The first talk was conducted on 26th of May and the second talk was conducted on 2nd June, 2022. She enlightened bachelors and masters students on the benefit of using various apps and demonstrated their use.

Report on “AUDISHCON 2021 – MEDICAL AUDIOLOGY: PERSPECTIVE FROM PARTNERSHIPS”

Program Details	
Date	13 December 2021 to 17 December 2021
Participants	188
Resource Persons	Dr. Pooja Mailankody, Dr.Aravind Kumar, Dr. Shankar Medikeri, Ms. Rashmi Deshpande, Dr. Swathi Vadlamani, Dr.Sunil Dutt, Mr.Apurv Kumar, Dr. V. Sreenivas, Ms. Nagapoornima, Dr.Vykunta Raju, Ms.Deena Priya
Venue	Dr. SRCISH

Objective: The five day conference was aimed at bringing together renowned and resourceful persons in the field in order to provide a common platform to students and professionals for professional building and enhancement of knowledge.

Brief overview: Day 1 of AUDISHCON 2021 event started with welcome speech by MC, followed by Invocation songs by students. Our treasurer Mr.Lion Shanthavadhan welcomed the gathering. A virtual lamp lighting ceremony was done after Dr.Rashmi J Bhat, Principal delivered an address to all delegates. Mr Nitish Ranjan Patel (acting) Head, Department of Hearing Studies presented in brief about AUDISHCON 2021. Dr. C. S. Vanaja Principal, Bharati Vidyapeeth Deemed to be university , delivered a short address to the audience. The vote of thanks was given by Dr.Sarika Khurrana Deputy Director Clinics and Dr C.S Vanaja took over the rest of the Inauguration and delivered the Keynote address. The scientific sessions commenced with Dr. Pooja Mailankody and Dr.Aravind Kumar speaking on Neuroaudiology : An interdisciplinary approach. Both speakers being renowned experts in neurology and audiology respectively, garnered the delegates’ attention with their elaborate case illustrations and their approach. This session was moderated by Dr.Shivashankar N who added on to the expertise. There were 2 scientific paper presentations which were duly scrutinised by the scientific paper reviewing committee. The second day of the conference had Dr. Shankar Medikeri and Ms. Rashmi Deshpande who are highly skilled in the field of implantation otology and auditory habilitation delivering an enriching session on cochlear nerve anomalies. On day 3: Dr. Swathi Vadlamani, Dr.Sunil Dutt and Mr.Apurv Kumar shared their extensive knowledge and approaches towards Sudden Sensorineural Hearing Loss. The fourth day of the conference covered information on AutoImmune Disorder of Hearing. This thrilled the audience as it is rarely spoken of. Dr. V. Sreenivas and Ms. Nagapoornima being prominent

Report on National webinar on 'Paediatric feeding and swallowing issues - a call to action'

Program Details	
Date	5 April 2021 to 10 April 2021
Participants	323
Resource Persons	Dr.E.V. Raman, Dr.Swapna, Ms Deborah Athaide, Ms.Swathi G, Ms.Shereen Idiculla, Dr.Gayatri, Dr.Lakshmi, Ms.Smitha and Mr.Phaneedhar,
Venue	Virtual (Dr. SRCISH)

Objective: The national webinar provided an opportunity for acquiring knowledge and aiding in professional development in the area of paediatric dysphagia.

Brief overview: Department of Speech Language Studies, Dr. S R Chandrasekhar Institute of Speech & Hearing had organised a national webinar on Paediatric feeding and swallowing issues: A call to action (an RCI recognised CRE Program). This was held from April 5th to 10th (from 10am to 12 noon). This online platform gave an opportunity for 93 budding professionals and 230 professionals to hear from eminent speakers. We obtained a total of 323 registrations. The 6 day webinar had 12 talks from eminent speakers such as Ms. Smita Mathias (Speech & Swallowing Specialist, Mazumdar Shaw Cancer Research Hospital, Bengaluru), Dr. Gayathri Hattiangadi (H.O.D Speech Language Pathology , B. Y. L & T. N. L Hospital, Mumbai), & Ms. Shereen Idiculla (Clinical Director of Playstreet Specially Abled Educare Trust, Bengaluru).

Feedback: We had a question and answer session at the end of the session. Great enthusiastic interactions/discussions noted between participants/working professionals and Speakers crossing the time limits. All participants gave a positive response after attending the webinar and that they would like to have greater knowledge on similar topics in the future.

Intellectual Property Rights (IPR) and Patent Process

Program Details	
Date	28 September 2021
Participants	65
Resource Persons	Dr. Bharat Suryavanshi
Venue	Dr. SRCISH

Objective: To educate the audience on Intellectual Property Rights (IPRs)

Brief Overview: Dr. Bharat Suryavanshi delivered a speech in the institute auditorium on September 28, 2021. The goal of the session was to introduce the attendees to the concept of intellectual property rights, their requirements. Dr. Bharat also spoke on how intellectual property rights (IPRs) were primarily used to safeguard and encourage the creation of new products and services that are essential to maintaining advances in our industry. The discussion focused on how strong IP rights ensure that goods are genuine and of the highest quality and that consumers can make informed decisions regarding the safety, effectiveness, and reliability of their purchases.

Report on Brainstorming session for improving research practices

Program Details	
Date	08 June 2021
Participants	18
Venue	Dr. SRCISH

Objective: The primary aim of the session was to help the attendees think of different ways in which research in the field of speech and hearing can be upgraded.

Brief overview: On 8th June, 2021, a talk on 'Brainstorming session for improving research practices' was conducted at Dr. SRCISH. The session was held to help the attendees learn and also discuss different strategies for improving research in the field of speech and hearing. A positive feedback was received by the end of the session. The attendees remarked as to how refreshing and informative the brainstorming session was

Report on childhood dysphagia: clinical challenges for SLP

Program Details	
Date	20 February 2021
Participants	30
Resource Persons	Mrs. Zainab T.
Venue	Dr. SRCISH

Objective: The session was conducted to increase awareness of the audience on childhood dysphagia.

Brief overview: On 20th February, 2021, a talk on 'Childhood dysphagia: clinical challenges for SLP' was conducted by Mrs. Zainab T., an alumni of the institute from 1998 batch. The session was from the point of view of a private practitioner. The risks involved in privately practising assessment and management of dysphagia, and ways in which they could be overcome comprised few of the key points of discussion.

**Report on an online workshop on Research methods-A way forward in collaboration
with Dr SRC BNG Research centre**

Program Details	
Date	06 March 2021
Participants	70
Resource Persons	Dr. Krishna Y. (Asso. Dean, MAHE, Manipal), Dr. C. S. Vanaja (Professor and HOD, BV (DU), SASLP, Pune) and Mr. Rahul K. (Asst. Professor, KMC, MAHE, Mangalore)
Venue	Dr. SRCISH

Objective: The purpose of this webinar was to heighten the students' knowledge in research and assist them in becoming fellow researchers.

Brief overview: A webinar on 'research methods-a way forward', was conducted on March 6th from 2 to 5pm. Resource persons were Dr. Krishna Y. (Asso. Dean, MAHE, Manipal), Dr. C. S. Vanaja (Professor and HOD, BV (DU), SASLP, Pune) and Mr. Rahul K. (Asst. Professor, KMC, MAHE, Mangalore). Dr. Y. Krishna gave an overview of different types of qualitative and quantitative research designs for speech and hearing. Dr. Vanaja presented on the assessment of quality of research studies. Mr. Rahul focussed on survey and systematic research methods.

Report on webinar the ‘Synergy: Parents and SLP’

Program Details	
Date	2 nd to 4 th December, 2020
Participants	59+6+12
Resource Persons	Dr. Anita Reddy, Ms. Aishwarya Dinesh, Ms. Prajna Kodgi's, Ms. Sneha Mareen Varghese, Ms. Deborah Athaide
Venue	online

Objective: This online platform gave an opportunity to parents and their families to interact with Speech Language Pathologists. Talks on various topics like screen time exposure and early literacy skills were offered along with a question and answer session where in parent queries were addressed.

Brief overview: The Department of Speech Language Studies, Dr. S R Chandrasekhar Institute of Speech & Hearing organised a free webinar titled “Synergy: Parents & SLP”. This online platform gave an opportunity to parents and their families to interact with Speech Language Pathologists. This webinar was held from 2nd to 4th December, 2020. 59 individuals registered for the webinar. A total of 6 speakers spoke for half an hour each on different topics. On day 1, Dr. Anita Reddy (HOD of SLS & Vice Principal, Dr. SRCISH) conducted a talk on “Speech Therapy: from Clinic to Home” whereas, Ms. Aishwarya Dinesh (Grade I-Clinical supervisor, Dr. SRCISH) spoke about Screen Time and Its Impact. Day 2 began with Ms. Prajna Kodgi's (Asst. Professor, Dr. SRCISH) informative session on “PLAY: Making It Goal Oriented” while Ms. Sneha Mareen Varghese (Associate Professor, Dr. SRCISH) addressed literacy in children through her session on “Reading to Children: What Parents Should Know”. On day 3, Ms. Deborah Athaide (Asst. Professor, Dr. SRCISH) provided information on childhood feeding issues in her session- “A Glimpse into Feeding Problems in Children”. Following this session was a “Question & Answer” session where questions and for all the sessions along with parental concerns were addressed.

Feedback: Parent and SLP: 10 participants responded to the feedback form of part 1 of the Synergy web series. 60% of them found the webinar extremely helpful while 40 % found it very helpful. All responded that they were provided with more information on reading, screen time, play skill, feeding, and situations for language stimulation. All responded that they felt more in control of their current situation after attending the webinar and that they would like to have greater knowledge on similar topics in the future. 90% had an overall impression of the webinar that was very good and 10% had a good impression of it.

Report on 6-Day National CRE webinar “AUDISHCON 2020 – Nuts and Bolts for Audiology in Clinics: Beyond your Textbooks

Program Details	
Date	14th December, 2020 to 19th December, 2020
Participants	18
Resource Persons	Dr N Shivashankar (Former Professor, NIMHANS, Bangalore), Ms Sherin Jose, Ms Nagapoornima, Ms Praveena Davis, Dr Madhuri Gore (Dr SRCISH, Bangalore), Dr Ajith Kumar (AIISH, Mysore), Dr Hariprakash (MAHE, Manipal) Dr Rashmi Bhat (Dr SRCISH, Bangalore), Dr Arivudai Nambi (KMC, Mangalore), Dr M N Nagaraja (Ex-CEO, Dr SRCISH), Mr. Apurva Kumar BEST Foundation, Bangalore, Ms Rashmi Deshpande (Madikeri Clinic, Bangalore)
Venue	Virtual (Dr. SRCISH)

Objective: To bring forth a common platform of discussion for the recent most trends in audiology, and practical aspects in the field of audiology.

Brief overview: The Department of Hearing Studies in association with IQAC had organised 6-Day National CRE webinar “AUDISHCON 2020 – Nuts and Bolts for Audiology in Clinics: Beyond your Textbooks held from 14th December 2020 to 19th December 2020 was conducted successfully (RCI-CRE status was given for the first three days of the webinar). We had 345 delegates for this webinar, which included graduate and postgraduate students for our institute and from other colleges also, and about 190 professionals from places such as the United Arab Emirates, Brunei, Indonesia, Kuwait, Bahrain and the United Kingdom. Professionals from various parts of India have also been a part of this webinar. For the inauguration, we had Dr. Jayashree S Bhat delivering the keynote address. The webinar consisted of two talks every day and focused on covering from diagnosis to intervention. The order of talks was chosen based on the test battery used very commonly. The talks focused on delivering the clinical aspects which during the theory classes are usually not covered or can only be known by clinical experience.

Feedback: The feedback from all the participants reflected that this webinar was indeed a brush-up of skills for all the professionals and from the student side, they were able to get a lot of tips and tricks to use in the clinics to perform their best patient care.

Report on forensic science

Program Details	
Date	22nd October, 2020
Participants	All staff and students
Resource Persons	Dr. Yashodha
Venue	Dr. SCRISH

Objective: The aim of the talk was to co-relate speech and hearing knowledge to the field of forensic science

Brief overview: A new area and a push to the students to think into a different field was provided by Dr. Yashodha were in the talk focused majorly on bridging the gap between theoretical knowledge in speech and hearing to be used in forensic science, that can add more evidence to studying the crimes. She also highlighted the use of voice. speech spectrum analysis over forensics to study voice calls.

Dear Madam,

Sub: Invitation to be a Resource person for the DrSRC-BNGRC webinar series :
Frontiers in Speech and Hearing

Greetings from Dr.S.R.Chandrasekhar Institute of Speech and Hearing, Bangalore.

The Dr SRC- BNG Research Center, Dr.S.R.Chandrasekhar Institute of Speech & Hearing, is organizing a series of webinars in order to highlight the advances in speech and hearing sciences.

In this regard, I request you to be a Resource person for the webinar talk and share your expertise. It would help young professionals to know and understand the growing field of Speech and Hearing and highlight the work done so far in India.

The topic of your talk is "Forensic Sciences & Speech Sciences - at crossroads?". The scheduled date of the talk- webinar is 22nd October 2020 at 10.00am (IST). Kindly oblige.

Thanking you

With regards,

Mr Suresh Thobadarya
Research Coordinator
Dr SRC- BNG Research Center

**Report on talk on research skills in Statistics in Speech and Hearing Sciences by
IIHMR, in collaboration with Dr SRC BNG Research Centre.**

Program Details	
Date	1st August, 2020
Participants	All staff and students
Resource Persons	Dr. Jayashree Bhat , Dr. Sudhin Kurupalli, Dr. Gagan Bajaj (KMC, Mangalore), Dr. Usha Manjunath (MD, IIHMR), and Dr. Santhosha B. (Statistician, NIMIMS).
Venue	Virtual (Dr. SRCISH)

Objective: To educate the audience on research and statistical knowledge

Brief overview: In the month of August, BNGRC organised a series of webinars on ‘Research skills and statistics in speech and hearing sciences’ for masters and Ph.D. students using the google meet platform. Speakers for the 5 sessions included Dr. Jayashree Bhat , Dr. Sudhin Kurupalli, Dr. Gagan Bajaj (KMC, Mangalore), Dr. Usha Manjunath (MD, IIHMR), and Dr. Santhosha B. (Statistician, NIMIMS). The webinar aimed at highlighting the process of research from the initial research question to publication including ethical and statistical aspects. All the speakers and registrants were provided with e- certificates for the same.

Report on Talk on "Language Experience shapes pitch processing in the brainstem and Cortex"

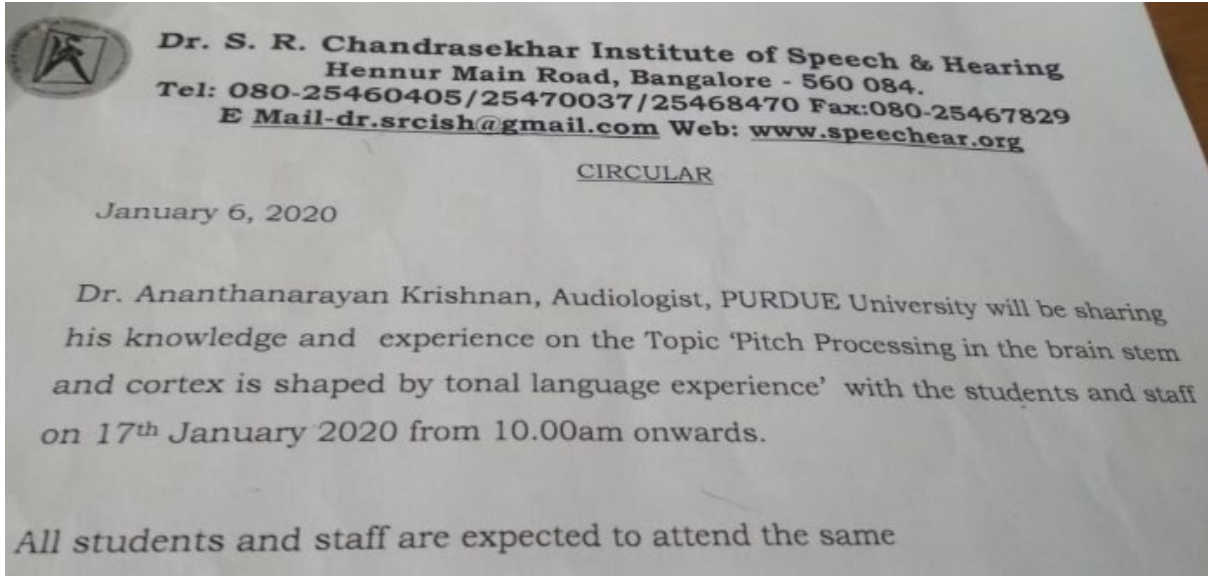

Program Details	
Date	17th January,2021
Participants	90
Resource Persons	Dr. Anantha Narayana Krishnan,Professor, Audiology/Hearing Science, Department of Speech Language Hearing Sciences, Purdue Integrated Neuroscience Program, Purdue University
Venue	Auditorium (Dr. SRCISH)

Objective: To enlighten the audience on pitch processing and its development with respect to tonal language experience

Brief overview: The talk was conducted on 17th January,2021 by Dr. Anantha Narayana Krishnan (Professor, Audiology/Hearing Science, Department of Speech Language Hearing Sciences, Purdue Integrated Neuroscience Program, Purdue University). He conducted a session on pitch processing in the brainstem and cortex is shaped by tonal language experience. He also enlightened our students on the underlying physiology in speech processing. At the end of the Q and A session, positive feedback was garnered on the novelty of the topic chosen for discussion and also the overall experience.

Brief Overview: On 26th November, 2019, a talk was conducted by Mr. Himanshu Sharma in the auditorium of the institute. The session was directed at orienting the participants on what Intellectual Property Rights are, their need and a few examples. Mr. Himanshu also discussed how the primary function of intellectual property rights (IPRs) was to protect and stimulate the development and distribution of new products and the provision of new services which is an integral part of safeguarding innovations in our field. The session highlighted how strong IP rights help consumers make an educated choice about the safety, reliability, and effectiveness of their purchases, and also ensure products are authentic, and of the high-quality

Report on Neuroimaging in speech language pathology

Program Details	
Date	18th October, 2019
Participants	158
Resource Persons	Dr. B.N. Srikumar
Venue	Dr. SRCISH

Objective: The Seminar on “Neuro-imaging in Speech Language Pathology” was held to provide insights on the various structures and structural abnormalities seen in the brain, along with its significance in the diagnoses of speech and language disorders.

Brief overview:

The Seminar on “Neuro-imaging in Speech Language Pathology” was held on 18th October 2019, organized by the Dept. of Speech Language Studies of Dr. S.R. Chandrasekhar Institute of Speech and Hearing. The seminar was sponsored by the Society for Neuroscience-Bangalore Chapter, NIMHANS. The inaugural programme was presided over by Rtn. Dr. M.S. Venkatesh, Chairman, Bangalore Speech and Hearing Trust. Lion V.S. Shanthavadhan, Treasurer, Bangalore Speech and Hearing Trust also attended. Dr. G.R.K. Sarma, Professor of Neurology, St. John’s Medical College & Vice President ACIAN Trust was the Chief Guest, and Dr. B.N. Srikumar, Associate Professor, Dept. of Neurophysiology, NIMHANS & Treasurer, Society for Neuroscience- Bangalore Chapter was the Guest of Honour. Dr. MN Nagaraja, C.E.O., Dr. S.R.C.ISH gave the welcome address and Dr. N. Shivashankar, Clinical Director, Dr. S.R.C.ISH delivered an introductory note of the seminar. The Chief Guest and Guest of Honour were honoured by management committee members. Dr. Anita Reddy, Organizing Secretary & H.O.D. Speech Language Studies delivered the vote of thanks. A total of 158 delegates attended the seminar; these included 134 graduate and post graduate students Audiology and Speech Language Pathology, Audiology, & Speech Language Pathology and 9 professionals and 15 staff from Dept. of SLS.

Dr. Anita Mahadevan, Professor, Dept. of Neuropathology, NIMHANS, conducted the first session on ‘Human Brain: the inside story’. She discussed the different functions of a human brain, and its development. The delegates also had the opportunity to view the anatomical landmarks and structures on brain specimens and relate the same to the different functions of the brain. Specimens of the developing brain and disordered brain were also shown. At the end of her talk, Dr. Anita Mahadevan graciously donated a specimen of a human brain to the Dept. of SLS, Dr. S.R.C. ISH. Dr. Sandhya M, Associate Professor, Department of Neuroimaging and Interventional Radiology, NIMHANS, delivered a talk on ‘Neuroimaging techniques in communication disorders’. Her second lecture was titled ‘Neuroimages: What do they reveal?’

Email: dr.srcish@gmail.com Web: www.speechear.org

Delegates learned to distinguish between CT scan, and T1 and T2 MRIs. Neuro-images of various lesions were displayed and explained. Dr. Faheem, Postdoctoral Fellow, Cognitive Neurosciences, NIMHANS, was the final speaker of the day. His lecture was titled 'Neuro-imaging correlates of speech and language disorders: Case studies'. He presented the history along with the clinical findings and neuro-images for different cases so that correlations could be made to determine the diagnoses. The seminar was highly informative, interactive, and entertaining and was also a 'Green' event with minimal use of plastic. Delegates received ceramic mugs for use during and after the conference and used pencils instead of pens to take notes; all utensils used were either bio-degradable or reusable to reduce the waste generated from the event.

Report on AUDISHCON 2019-Fitting and Outcome measures of Hearing Instruments: Current Trends

Program Details	
Date	2nd August, 2019 and 3rd August, 2019
Participants	48
Resource Persons	Mr. Suresh T, Dr. Sharath K.S. Mr. Avinash Grubb, Dr. Kishan ,Dr. Vikrant Patil, Dr. P Arivudai, Dr. Hari Prakash P., Mr. Priyank Bhutani, Mr. Nitish Ranjan Patel
Venue	Dr. SRCISH

Objective: The Department of Hearing Studies in collaboration with PHONAK conducted their Annual Conference "AUDISHCON 2019" titled "Fitting and Outcome Measures of Hearing Instruments: Current Trends", a 2-day CRE seminar, which was held on 2nd and 3rd of August 2019.

Brief overview: The delegates were offered an opportunity to enhance their knowledge on the factors to be considered before fitting a hearing aid and the different methods that can ensure that the outcome is as expected. Fitting softwares of different companies and prescriptive formulas were discussed. Assistive devices and their benefits if used along with hearing aids were also covered.

Dr. Hariprakash demonstrated on the use of objective outcome measure - Aided LLR which was live streamed from the Audio lab to the auditorium and proved to be very educational. In addition, Demo stations on Real Ear Measurements, Troubleshooting of Hearing Aids, and Klangfinder, the new technology by PHONAK, gave much needed hands-on training to the delegates.

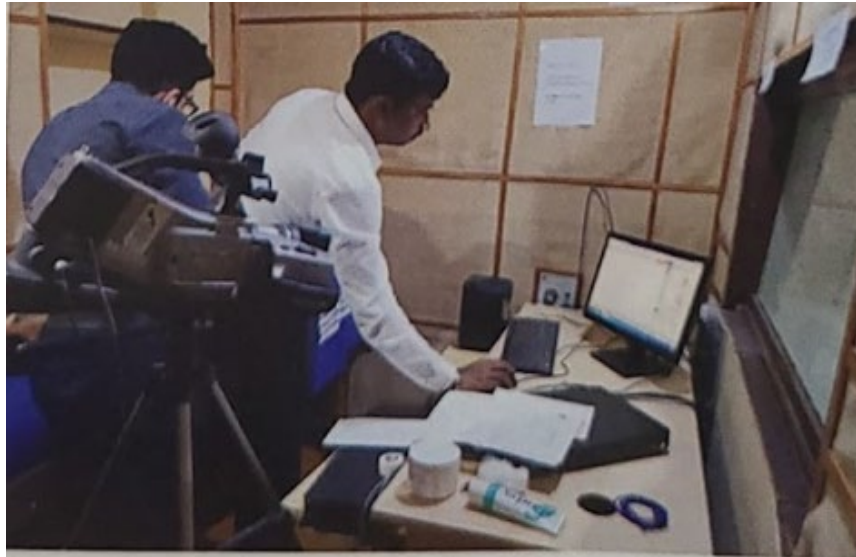

This Conference equipped all the delegates with lot of practical experience to fit hearing aids and to measure their outcome through proven methods

Report on National Seminar on Head and Neck Cancer: Speech and Swallowing Rehabilitation

Program Details	
Date	2 nd to 4 th May 2019
Participants	All students and faculty of department of speech
Resource Persons	Dr. A.M. Shenoy, Dr. Siddappa, Dr. Krishnappa, Dr. Purushotham Chawan, Dr. Sowjanya
Venue	Dr. SRCISH

Objective: The objective of this national seminar was to impart both theoretical and practical knowledge about head and neck cancers, their assessment and management to the students.

Brief overview:

The Department of Speech Language Studies, Dr. SRCISH conducted a 3 day-National Seminar on Head and Neck Cancer: Speech & Swallowing Rehabilitation from 2nd to 4th May 2019. First 4 scientific sessions were chaired by Dr. B S Premalatha (Professor, Department of Speech Language Studies, Dr. SRCISH) and last two scientific sessions were chaired by Dr. Anita Reddy (Professor & Head, Department of Speech Language Studies, Dr. SRCISH). A very simplified overview on various surgical procedures related to head neck cancer was magnificently delivered by Dr. A.M. Shenoy (Professor, Head and neck Surgeon, Bangalore), Dr. Krishnappa (Professor), Dr. Siddappa (Associate Professor), Dr. Purushotham Chawan (Associate Professor) and Dr. Sowjanya (MCH Student) from Department of Head and Neck Surgical Oncology, Kidwai Cancer Institute, Bangalore. Whereas; Dr. Janet, Ex-Medico Social Welfare Officer from the same institute gave insight on the psychosocial aspects of patients with cancer. Next two days, we gained remarkable inputs from following scientific sessions i.e., “Demonstration of Speech and swallowing (both subjective and objective) assessment on patients with head and neck cancer, Speech rehabilitation following total Laryngectomy, TEP’s and Troubleshooting of alaryngeal speech. These topics were addressed by Ms. Smita Caren Mathias (Speech & Swallowing Specialist, Mazumdar Shaw Cancer Research Hospital, Bangalore), Ms. Mereen Rose Babu (Asst. Professor, Dept. of Speech Language Studies, Dr. S.R.C. I.S.H) , Dr. Venkataraja Aithal U (Professor, Department of Speech and Hearing, SOAHS, Manipal) and Mr. Phanidhar Reddy (Speech and Swallowing Therapist, KIMS Hospital, Hyderabad) respectively.

Email: dr.srcish@gmail.com Web: www.speechear.org

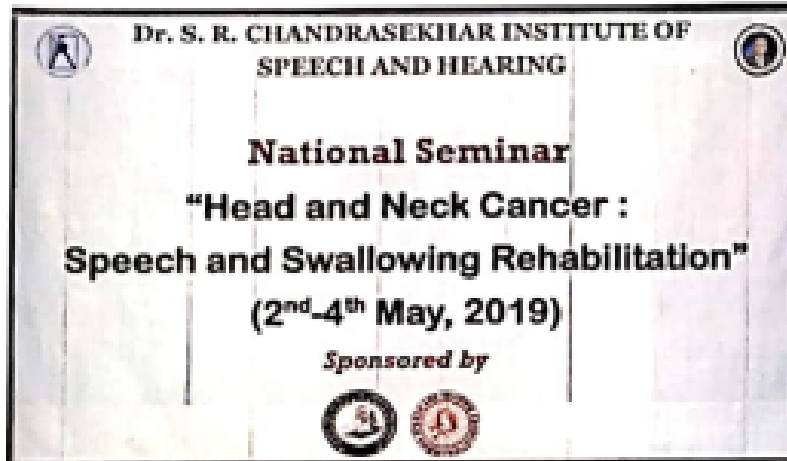

All delegates got an opportunity to interact between patients with different modes of alaryngeal speech. Dr. Pradeep Kumar (MBBS, MS, DLO, DNB, Medical Director at “Meenakshi ENT Speciality Centre, Bangalore gave a live demonstration on FEES. Few delegates got an opportunity to be a subject and had hands-on training with FEES under his supervision. This seminar also had oral case presentations by 9 fellows of “Speech and Swallowing Rehabilitation following Head and Neck Cancer Treatment” with respect to speech and swallowing difficulties / speech rehabilitation for patients with head and neck cancer.

**Report on a Short lecture Route map for school screening by Ms. Neha Tiwari, Speech
Language Pathologist**

Program Details	
Date	11th February, 2019
Participants	55
Resource Persons	Ms. Neha Tiwari
Venue	Dr. SRCISH

Objective: The talk aimed at inspiring students to build a social connect while delivering services as professionals.

Brief overview: On 11th February, 2019, a talk was conducted by Ms. Neha Tiwari wherein the students and the staff had a very interactive session with the professional as she shared skills on counselling on how to build social connect while delivering services. Views on the route map on school screening were also shared by the professional which included various aspects on screening approaches as well as counselling. The students were also made to act as clinician and caregiver such that the session would be more interactive and share pointers on how the clinicians could do better.

Report on Training given by Phonak India Pvt Ltd

Program Details	
Date	22nd January,2019
Participants	18
Resource Persons	Mr.Avinash Mario
Venue	Dr.SRCISH

Objective: The objective of the training was to provide knowledge on the recent trends in Phonak hearing aids available in the market

Brief overview: The training session was conducted by Phonak company representative, Mr. Avinash Mario. The staff of the department of Hearing Studies. The attendees were trained on the recent technological developments available in the Phonak hearing aids. They also received hands-on experience on the technological aspects that have been launched by the company off-late.

Latest Technology and Development in Hearing Aids

Program Details	
Date	21st December 2018
Participants	48
Venue	(Auditorium) Dr. SRCISH

Objective: The seminar was directed towards providing information on the recent most trends and developments in hearing aid technology

Brief overview: This seminar was conducted on 21st of December, 2018 at Dr. SRCISH. The theme of the seminar was 'Latest technology and development in hearing aids', which addressed several interesting topics such as the use of artificial intelligence in hearing aids, as well as hearing aids that are bluetooth compatible and rechargeable hearing aids. Even though the theme was about the newest trend in the area of discussion, the basics about hearing aid technology were also discussed starting from the different parts of hearing aid (microphone, amplifier, and speaker), and the different types of hearing aids.

Talk on FFR

Program Details	
Date	1st December 2018
Participants	Staff and students of Department of hearing studies
Resource Persons	Mr. Anantha Narayanan
Venue	Dr. SRCISH

Objective: To enlighten the students and faculty members on Frequency Following Response (FFR) potential.

Brief overview: The talk on FFR was conducted on 1-12-2018 at Dr. SRCISH. It was a technical talk where in Mr. Anantha Narayanan spoke about the developing technology in recording Frequency Following Response (FFR). He also enlightened about the clinical utility of FFR and discussed case scenarios where FFR was used. A question and answer session was held after the session where the students could interact freely with the resource person and ask queries regarding the topics discussed.

BAHA

Program Details	
Date	29th November 2018
Participants	48
Resource Persons	Ms. Jennifer Brown
Venue	Dr. SRCISH

Objective: The objective of the program was to orient the students and staff on the basics of BAHA, Cochlear.

Brief overview: A BAHA orientation program was organised by the Department of Hearing Studies on 29- 11-2018. Jennifer Brown, Market Development Manager, Cochlear Global Team, United States, visited the institute and oriented staff and students on candidacy for BAHA, the latest technology in bone conduction hearing, and overview of the BAHA System, and she also discussed the candidate evaluation process. Staff and postgraduate students from II M.Sc.- Audiology and II MASLP attended the programme.

Report on seminar on Introduction and orientation to MATLAB and DSP

Program Details	
Date	15th November 2018 and 16th November 2018
Participants	all staff +38
Venue	Dr. SRCISH

Objective: The seminar on Introduction and Orientation to MATLAB and DSP was conducted to promote knowledge on the MATLAB programming language and Digital Signal Processing

Brief overview: On the 15th and 16th of November 2018, a seminar on ‘Introduction and Orientation to MATLAB and DSP’ was conducted at Dr. SRCISH. The seminar touched upon the MATLAB programming language and Digital Signal Processing, both of which are integral technologies used in making hearing aids. This seminar provided insight at the technical aspects of hearing aid make.

Report on Hands on training for Fiber Optic Endoscopic Evaluation of Swallowing by Dr Pradeep Kumar, Medical Director, Meenakshi ENT speciality centre and Atomos representatives

Program Details	
Date	4th October 2018
Participants	75
Resource Persons	Mrs. Mereen Rose Babu (Assistant Professor, Dr. SRCISH), Dr. Anita Reddy (H.O.D., Speech and Language Studies, Dr. SRCISH), Dr. Pradeep Kumar (MBBS, MS, DLO, DNB- Medical Director of Meenakshi ENT Speciality Centre, Bangalore)
Venue	Dr. SRCISH

Objective: The workshop on FEES was conducted to provide the participants with theoretical knowledge along with a hands-on-training experience on FEES.

Brief overview: The Department of Speech and Language Studies conducted a one day workshop on FEES (Fiberoptic Endoscopic Evaluation of Swallowing) on 4th October, 2018. In house faculty Mrs. Mereen Rose Babu (Assistant Professor) delivered a detailed lecture on 'Physiology of Swallowing and Subjective Assessment of Swallowing' and Dr. Anita Reddy (H.O.D., Speech and Language Studies) delivered a lecture on 'Flexible/Fiberoptic Endoscopic Evaluation of swallowing: indications and contraindications'. We invited a guest speaker, Dr. Pradeep Kumar (MBBS, MS, DLO, DNB) who is currently working as a Medical Director of Meenakshi ENT Speciality Centre, Bangalore. He delivered lectures on 'Fiberoptic Endoscopic Evaluation of swallowing: Instrumentation and Clinical examination' and demonstrated FEES to the participants. All staff and PG students had hands-on training with FEES. It was a very profitable learning experience for all.

New frontiers in audiology

Program Details	
Date	27th September 2018
Participants	174
Resource Persons	Dr. K Balaveera Reddy, Dr.Sundar Raj Urs, Dr. M.N. Nagaraja, Dr. Heramba Ganapathy, Dr.Hariprakash, Dr.Usha Shastri, Mr.Prashasthi, Dr.Aravind Kumar, Dr.Sandeep Maruthy, Mr.Nagarjun V, Dr.Prem G. Nair, Mr.Suresh T, Dr.Srinivas, Dr.Madhuri Gore, Dr.Asha Yathiraj, Dr.Sreeraj Konadath, Dr.Prashanth Prabhu, Dr.Hemanth Shetty and Dr.Rashmi J Bhat,
Venue	Dr. SRCISH

Objective: A three-day Seminar was conducted by the department of Hearing studies, from 27th-29th September, 2018 at Dr. S. R. Chandrasekhar Institute of Speech and Hearing, Bangalore. The purpose was to highlight the recent trends in the field of audiology "NEW FRONTIERS IN AUDIOLOGY" The conference was attended by a total of 174 delegates; they included 32 professionals from within the institute and sister institutes and the remaining were PG and III year BASLP students. The inaugural function was graced by Dr. K. Balaveera Reddy and Dr. Sundar Raj Urs. The conference focused on different topics of interest.

Brief overview: The first day began with a key note by Dr. M.N. Nagaraja on "Audiology: now and then". This note incorporated improvements from Pure Tone Audiometry to Auditory Evoked Potential testing. Further, a talk was delivered by Dr. Heramba Ganapathy on the topic "High Risk Factors of Hearing Loss in infants". "Identification of Origin and Source of Endogenous Potentials" was discussed by Dr. Hari Prakash. Potentials such as MMN and P300 & its source generators were discussed. Similarly, Dr. Ganapathy M.K. promoted the concept of "Acoustic Change Complex" and how this test surpasses ABR testing by estimating threshold within 5dBHL of the behavioural threshold. The second day began with rehabilitation of individuals with hearing impairment by Dr. Madhuri Gore. The step wise use of Ling method in rehabilitation was pointed out. This session was complemented by Dr. Asha Yathiraj with the topic "Training Children with (C)APD. A holistic view was discussed requiring respective usage of tests to label the disorder. Next, "Tinnitus Assessment and Rehabilitation" was discussed by Dr. Sreeraj Konadath. Pathogenesis, assessment and rehabilitation of tinnitus were highlighted. Further, "Hearing Aid Fitting techniques in ANSD" were cited by Dr. Prashanth Prabhu, Insights into the best techniques were discussed such as

low cut amplification, etc. Lastly, Dr. Hemanth Shetty delivered a talk on "Acceptable Noise Level" and its use in Hearing Aid fitting. The next day started with a lecture by Mr. Prashasthi Poovaiah on the topic "Rate Induced Facilitation. The need to assess temporal integration on a routine basis was emphasised. Dr. Aravind Kumar shed light on "Differential Diagnosis using VEMP". The interpretation of VEMP testing and its use in differential diagnosis of central and peripheral lesions were highlighted. The topic "Use of FFR in diagnostics' ' was talked about by Dr. Sandeep Maruthy. The essentials of FFR in clinics and future research were discussed. In addition, "Data Logging in HA & importance in rehabilitation" was highlighted by Mr. Nagarjun V. This focused on the use of data logging in counselling patients with HA usage. Later, "Identifying Cerebellopontine Angle Tumours' ' was talked about by Dr. Prem G. Nair. This topic focused on DDT being a superior test in the diagnosis of CPA tumours. Mr. Suresh T. delivered a talk on "Head impulse Test: The administration and interpretation of the test focused on DDT being a superior test in diagnosis of CPA The three-day conference was a success, tapping multiple important areas in Audiology and its advancements.

Training sessions – Widex Evoke

Program Details	
Date	09th August 2018
Participants	18
Venue	Dr. SRCISH

Objective: To introduce the WIDEX EVOKE hearing aid and its technology to the students and the staff.

Brief overview: The WIDEX EVOKE hearing aid and its technology was discussed in this interactive training session held on 9th of August 2018. The representatives from WIDEX company introduced the staff to WIDEX EVOKE, a smart hearing aid which intuitively analyses the hearing aid users' sound environment and reacts to changes for natural, effortless hearing. The features of the hearing aids along with different models, the features available in these models and prices were discussed.

**Report on short orientation programme Oral Placement Therapy by Monica Purdy,
Speech Language Pathologist, USA**

Program Details	
Date	27th July 2018
Participants	All staff and students
Resource Persons	Ms. Monica Purdy (Speech Language Pathologist, USA)
Venue	Dr. SRCISH

Objective: This program was conducted to introduce Oral placement therapy to the students and staff of Dr. SRCISH and help in increasing competency for the same.

Brief overview: Ms. Monica Purdy (M.A. CCC-SLP), a Speech Language Pathologist from Ball State University, USA is a certified Oral Placement Therapist. She visited Dr. SRCISH on 27th of July, 2018 and introduced the staff and students to Oral Placement Therapy. Information on how to perform OPT, specialised tools used for OPT and various assessment/management protocols were discussed. Queries from the audience regarding administering OPT were addressed at the program.

Report on On research project –HOW TO DESIGN A QUESTIONNAIRE

Program Details	
Date	8th May 2018
Participants	48
Resource Persons	Dr. Valerie Looi
Venue	Dr. SRCISH

Objective: To enlighten the students and the staff about constructing a questionnaire for research

Brief overview: The session majorly focused on the recent research trends in the field of speech and hearing and the process of constructing a research questionnaire and its analysis

The post graduate students were actively involved in the discussion of the methods and the procedures useful for developing a questionnaire as the major interest of the students was in that direction. Dr. Valarie also reviewed the research work of few PG students that would help and guide them in the betterment of their research.
