REPORT OF COLLABORATIVE ACTIVITIES CONDUCTED DURING THE LAST FIVE YEARS

Sl no	Title of collaboration	Government/Non governmental agencies	Brief report
1	Neonatal hearing screening programme	K C General Hospital	Twice a week, faculty and students travel to the hospital to use the Oto Acoustic Emission Screener to screen newborns in the ENT department.
2	Scalable hearing rehabilitation for low- and middle-income countries (SHRLMIC)	Macquarie University	The Department of Hearing Studies was involved in this project funded by United Nations Office for Project Services (UNOPS). The Principal Investigator was Dr John Newall, Macquarie University, Sydney and Project Coordinator from the institute was Ms Megha Sasidharan, and other investigators were Mr Nitish Ranjan Patel and Mr Nitin K Damam. Macquarie University co-ordinated with twenty-three other training institutes and NGOs around the world. The aim of the project was to describe typical audiological profiles and compare patient outcomes with pre-programmed versus standard hearing devices. The institute was part of only Lot 1 to provide database of audiological profiles of minimum 200 patients who had registered before 1st November 2019. The project was initiated in April 2020 and the final report was submitted to UNOPS by Macquarie University in October 2021. The funded amount received from the project was \$ 3748. The outcome is yet to be published.
3	Validation of SOHUM	SOHUM	Neonatal hearing screenings were conducted using the indigenous automated ABR system created by SOHUM, which was then further validated by carrying out diagnostic

			evaluations at the Institute. These partnerships included Department of Hearing Studies faculty and students.
4	Telerehabilitation program for delivering early intervention services to rural families in North Karnataka	Fourth Wave Foundation	Dr Bhuvaneshwari (Associate Professor), Dr M.N. Nagaraja (CEO), Dr Ms Soniya Y. (Clinical Supervisor), Ms Deborah Athaide (Assistant Professor) of Dr S R Chandrasekhar Institute of Speech and Hearing were involved in collaborative work with the Fourth Wave Foundation. This collaboration continued from January 2019 to March 2020. This was a part of the 'Learning' objective of the School Readiness Program (SRP) for Fourthwave Foundation's project named 'Nanagu Shaale'. A total of 174 children (93 boys and 81 girls) in the four identified locations (Dharwad, Hubli, Mallapur and Gangavati) across various disabilities including, Multiple Disabilities, Visual Impairment, Hearing Impairment, Intellectual Disability, Orthopaedic Physical Handicap, Cerebral Palsy, Speech Impairment and Learning Disabilities were targeted for rehabilitation. The participating children connected with the rehabilitation experts at Dr. S. R.Chandrasekhar Institute of Speech and Hearing from the identified centres via the Zoom platform. Teachers of the students with disabilities facilitated the interactions. The rehabilitation experts from Dr. S. R. Chandrasekhar Institute of Speech and Hearing, including, Speech Therapists, Audiologists, Psychologists and Special education teachers provided consultative assessment and therapeutic services directly to the caregivers (teachers and parents) and the children and facilitated the caregivers' interactions with the child remotely. A total of 32 sessions of 1-hour duration over a period of 4 months were conducted through teleconferencing.
5	Collaboration on Hearing aid and Assistive Devices	Microgenesis techSoft Pvt Ltd: Mr Manoj Tharian, Director	The main objectives of this programme were: 1. Consultation on hearing aid programming software developed by Microgenesis Techsoft Pvt Ltd. 2. Evaluation of the software by student interns, supervised by faculty of DrSRCISH 3. Verifying the outcomes of the hearing aid fitting on hearing impaired individuals as per protocols set by DrSRCISH.

			<p>The project work was carried out by two interns posted every month on rotation and two faculty to supervise the work. For the total duration of project period, till it was put on hold due to covid, number of students posted were 28 and two faculty. The duration of project was Jan 2019-March 2020.</p>
6	<p>Audiological services to the children implanted under the SAST scheme</p>	<p>K. C General Hospital, Victoria Hospital and Bangalore Medical College, Bowring and Lady Curzon, Sri Atal Bihari Vagpayee Medical College and Reseach, M. S Ramaiah Hospital, Indira Gandhi Institute of Child Health</p>	<p>For children receiving Cochlear Implants through Suvarna Arogya Suraksha Trust (SAST) and NPPCD, preoperative audiological evaluation, intra-operative monitoring, switch on and mapping, post-operative auditory verbal therapy, and other rehabilitation treatments were provided. These partnerships were established throughout the last five years. These partnerships involve members of the Department of Hearing Studies' faculty and students. The cochlear implant recipients receive ongoing services.</p>
7	<p>Awareness and prevention of music deafness</p>	<p>Indian Oil Corporation</p>	<p>A sound measurement mannequin named Karna (which means ear) was created by DR. SRC ISH based on the Jolene's hazardous decibels. Karna evaluates the sound output of portable audio players to let users realise the negative impacts of listening to loud music or other noises all the time. Six mannequins have been created as a part of this financed project. These mannequins are used to raise awareness among the general public, especially among college-bound students.</p>
8	<p>Impact evaluation of Brighter Minds Program</p>	<p>Indian Institute of Health Management Research</p>	<p>In collaboration with the Indian Institute of Health Management Research, Ms. Alphonsa Joseph, Associate Professor and Head of Psychology, Nandini S. and Jayashree S.P., Psychologists at the Dr. S. R. Chandrasekhar Institute of Speech and Hearing in Bangalore, successfully completed a research project titled "IMPACT EVALUATION OF BRIGHTER MINDS PROJECT," which involved administering a battery of psychometric tests (Raven's</p>

			<p>Progressive matrices, Memory profiling, Self- perception profiling for children & Teachers Rating Scale and, Mini Mental Status Examination) on children who enrllled for the programme. The goal was to assess 131 schoolchildren from various geographical locations on their focus, observation, memory, self-confidence, empathy, intuition, and comprehension skills (Bangalore, Mahbubnagar and, Sikkim). The project, Impact of Multimodal Cognitive Training on Cognitive Traits of Children: A Multicenter Interventional Study, was started on October 17, 2018, and it was completed on June 7, 2019, and it was published in Research Square on April 30, 2021.</p>

1

We, at, Bowring and Lady Curzon hospital, Shri Atal Bihari Vajpayee Medical college and Research Institute, Bengaluru do not have necessary Rehabilitative services required for children post cochlear implantation. Therefore, we have entered into an MOU with SAST recognized **Dr. S.R. Chandrasekhar Institute Speech and Hearing**, for rehabilitative services required for children operated at Bowring and Lady Curzon hospital, Shri Atal Bihari Vajpayee Medical college and Research Institute. Rehabilitation services will include Intra-operative measurements, Switch-on, Mapping and Auditory Verbal Therapy (AVT) for a period of one year from the date of Switch-on. We Understand that the Cochlear Implant treatment requires a multi-modality approach i.e. Assessment, Surgery and Rehabilitation therapy.

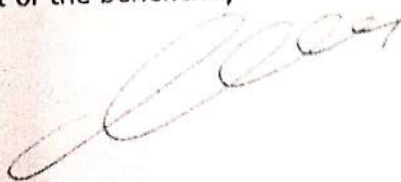

We at Bowring and Lady Curzon hospital, Shri Atal Bihari Vajpayee Medical college and Research Institute, are having only surgical facility and we do not have the other facility for further treatment i.e., AV therapy and rehabilitation.

Therefore, we have entered into a Memorandum of Understanding (MOU) with **Dr S.R. Chandrasekhar Institute of speech and Hearing** (AV therapy centre) who are having the facility for treatment of auditory Verbal Therapy which is also empanelled under the state Cochlear Implant Scheme.

A) We, the management of Bowring and Lady Curzon hospital, Shri Atal Bihari Vajpayee Medical College and Research Institute, undertake the following responsibilities.

- I. Shall carry-out the required investigations at the rates fixed by the SAST.
- II. Shall refund the investigation charges so once collected, the patient becomes a beneficiary under any of the schemes of SAST.
- III. All the treating Doctors will jointly arrive at the line of treatment required to ensure total treatment of the beneficiary.

Lion V.V. Krishna Reddy
Director
Dr. S.R. Chandrasekhar Institute
of Speech and Hearing
Banner Main Road, Lingarajapuram, Bangalore

- IV. Shall upload the pre-authorizations for all the modes of treatment with respect to Cochlear Implantation surgery.
- V. Once the treatment is completed, collect all the necessary documents required for claim submission and all claims will be submitted only by us.
- VI. Shall abide by the other conditions of MOU signed under the schemes of SAST.
- VII. Shall refer the patient to the AVT centre on our own cost and ensure the patient is not liable to pay any amount towards transportation (to and fro), food, stay and treatment.
- VIII. In case of a death, the transportation shall be borne by Bowring and Lady Curzon Hospital, Shri Atal Bihari Vajpayee Medical college and Research Institute, for shifting of patient's body from hospital to the patient native and the cost of transportation shall be borne by the Hospital.
- IX. Rehabilitative payment will be made to **Dr.S.R. Chandrasekhar Institute of Speech and Hearing** as per SAST Guidelines.
- X. Shall make payments for Auditory Verbal Therapy on quarterly basis on each patient as per Bills received from **Dr.S.R. Chandrasekhar Institute of Speech and Hearing.**

B) We, the management of Dr.S.R. Chandrasekhar Institute of Speech and Hearing, undertake the following responsibilities:

Dr. S. R. Chandrasekhar
Director
Dr. S. R. Chandrasekhar Institute
of Speech and Hearing

- I. Shall provide the AV Therapy for cases operated at Bowring and Lady Curzon Hospital, Shri Atal bihari Vajpayee Medical college and Research Institute.
- II. Shall not upload preauth/Sub-preauth or submit the claims with reference to the patient referred by Bowring and Lady Curzon Hospital, Shri Atal Bihari Vajpayee Medical college and Research Institute.
- III. Shall ensure AV Therapy for 1 year following surgery.
- IV. Evaluate the progress of the beneficiary monthly.
- V. Shall agree to provide payment to the beneficiary and guardian for food travel and wage loss as per the scheme guidelines.
- VI. Shall raise Bills for Auditory Verbal Therapy at quarterly intervals for each patient separately on Bowring and Lady Curzon Hospital, Shri Atal Bihari Vajpayee Medical college and Research Institute.

C) Switch-on and AVT services will begin at **Dr. S.R. Chandrasekhar Institute of Speech and Hearing** only after receiving an official clearance letter from the Cochlear implant surgical team at Bowring and Lady Curzon Hospital, Shri Atal Bihari Vajpayee Medical College and Research Institute, Bengaluru. Switch-on Kits to be handed over to **Dr.S.R. Chandrasekhar Institute of Speech and Hearing** with intact seal. The fees applicable for Intra-operative measurements, Mapping and AVT sessions will be paid to **Dr.S.R. Chandrasekhar Institute of Speech and Hearing** as per SAST guidelines at the end of every three months for a period of one year per case basis.

Director
Dr. S.R. Chandrasekhar Institute
of Speech and Hearing

Intra-operative measurements will be supported by qualified Cochlear implant Audiologist from **Dr.S.R. Chandrasekhar Institute of Speech and Hearing**, for every case operated at Bowring and Lady Curzon Hospital, Shri Atal bihari Vajpayee Medical college and Research Institute.

We at **Dr.S.R. Chandrasekhar Institute of Speech and Hearing** have rehabilitation facilities with qualified and experienced professionals required for post cochlear implant management and we agree to take responsibility of rehabilitation services to cochlear implantees operated at Bowring and Lady Curzon Hospital, Shri Bihari Vajpayee Medical college and Research Institute, for further Mapping and AVT at our centre for a period of one year. The centre agrees to maintain progress report of every child attending Mapping & AVT for a period of one year. This will be shared with Bowring and Lady Curzon Hospital, Shri Atal Bihari Vajpayee Medical college and Research Institute, to further coordinate with SAST.
