- There was elaborate discussion on neonatal hearing screening at Vani Vilas and KC general and Ramaiah hospital. HOD explained that all the babies are not screened since most of the hospitals give priority to NICU babies and there is no proper coordination between Heads of ENT/ Paediatric OPDs and PG doctors even after several reminders hence, we are not able to test all the babies. Post-delivery most of the parents are worried about the getting discharge from the hospital and reach to their hometown and these patients are never turned back for vaccination also.
- Mr. Anil & Ms. Cynthia also explained that the high-risk babies who genuinely require detailed audiological evaluation are not following up due to either financial constraint/ travelling issues. Chairman informed to provide check list regarding the tests for high-risk babies and inform the concerned person that it is priority to do testing of all the babies.
- Chairman mentioned that for NHS discussions, it is suggested to meet the DEAN of the respective hospitals and that he is willing to meet them if required. HOD had requested if the Chairman could join for the discussions with Ghousia hospital to which he agreed.
