Mr. Christopher has been attending speech therapy & has completed 2 sessions. He has been paying Rs. 800/- per session. Since his mother is a senior citizen & he has lost his job due to this language impairment, they have no source of income. As he has been showing improvement in his speech & language this after attending speech therapy, I recommend a good concession be given or he ^{he} be given therapy free of charge under the 100 grant. Forwarded to DDC.

Mr. Christopher lost his job after a stroke and is receiving SLT at our Institute. He lives with his mother who is a senior citizen. Their family does not have a steady source of income and are unable to afford Rs. 800/session for therapy.

HCM may kindly offer some concession for this case because he is showing considerable improvement in therapy, which may help him get his job back.

Subject: Request for concession in fees for Speech Therapy for my son Noel Jubin Jacob case number 139358

Respected Sir,

My son has been attending speech therapy from August 2021, every day. I had availed for the package for Rs 110/- per session for which I am thankful to the Management and the department of Speech Therapy. I have been prompt on the payments till date without any delays. Noel is currently undergoing Speech Therapy and Behavioral Therapy in your institution and considering the current situation my son will be required to attend therapy for another year as he is diagnosed as a child with receptive and expressive language delay associated with severe ASD . We have resigned our jobs and shifted from Kuwait to Bangalore for his treatment and currently both of us are unemployed.

Hence I would kindly request your consideration on this and avail a concession on the fee structure of speech therapy (preferably the previous package provided).

I would be highly obliged for this.

Thanking you

Yours Faithfully

Jubin Jacob
Jubin Jacob

Since Noel has been regularly attending, this is a week,
I am now asking for all 5 days, a concession can be granted.
Forwarded to DBC.
